

DETAILS OF FORD'S OFFER FOR NITRATE PLANT MADE PUBLIC

Would Take Lease of One Hundred Years on
the Completion of the Wilson and Number
3 Dams—Proposal is Based on Prompt
Completion—The Offer is Being Studied

(By The Associated Press)
WASHINGTON, July 25.—Details of Henry Ford's offer to purchase the government nitrate plant at Muscle Shoals, Alabama, for five million dollars and for lease for one hundred years on completion of the Wilson and No. 3 dams, providing power for the project at an annual aggregate payment of \$6,800,000 were made public today by the war department. No action has yet been taken by the government on the proposal, although it was announced today that no other bids had been received.

The dam lease proposals include provisions to amortize in ninety-four years the government investment in the Wilson dam, taken at forty million dollars, and in ninety-seven years the eighty million dollars in the Dam No. 3 completion.

The offer is made subject to complete right of the government to plant, processes and personnel in the event of war and for the purpose of determining whether the application of electricity and industrial chemistry, to agriculture may not do "what they have economically accomplished for other industries."

Profits of the operating company would be limited to eight per cent under the offer a board of farm organizations representatives to check up the books and also to supervise territorial distribution of fertilizer produced with the federal trade commission as final arbiter on distribution disagreements in the board.

Based on Prompt Completion
Mr. Ford's proposal was based on prompt completion by the government of the Wilson dam power project to produce six hundred horse power for which he proposed to pay a lease fee each year of one million two hundred thousand dollars together with thirty-five thousand dollars for maintenance and \$3,957,000 against amortization of the government's investment in 94 years. On dam No. 3, also to be completed and develop two hundred and fifty thousand horse power. He proposed to pay four hundred and eighty thousand dollars in annual lease fee, the payment in each case being six per cent on the government's investment.

Based on acceptance of these two lease proposals was the offer to purchase all of the property at nitrate plant No. 2, nitrate plant No. 1, the Wilson Quarry and the steam plant at Gorgas, Ala., for five million dollars.

"If the United States agrees to sell and the company purchases the several properties," the letter said, "the company will operate nitrate plant No. 2 to approximate present capacity in the production of nitrogen and other fertilizer compounds with the following special objections:

"To determine by research whether they may be produced fertilizer compounds of higher grade at cheaper prices than the fertilizer farmers have in the past been able to procure and to determine whether in a broad way, the application of electricity and industrial chemistry may do for the agricultural industry of the country what they have economically accomplished for other industries."

Be in Readiness for War
"To maintain nitrate plant No. 2 in a state of readiness to be promptly operated in the manufacture of materials necessary in time of war for production of explosives."

It is added that if the project is carried thru, "it will naturally and reasonably follow that buyers of fertilizer will desire assurance that the product be marketed without excessive profit."

"To meet this reasonable expectation on the part of the farmers of the country who buy fertilizer," the letter said, "the company proposes that the maximum net profit which it shall make in the manufacture and sale of fertilizer products shall not exceed eight per cent."

Designated representatives of the American Farm Bureau federation, the National Grange and the Farmers' Union together with a representative of the bureau of markets and two representatives of the company is proposed of the composition of the board on profit and distribution.

Secretary Weeks said the offer was still being studied and indicated that considerable modification would be made necessary to make it acceptable.

Mr. Ford practically is asking a guarantee for the delivery of six hundred thousand horsepower from the plant Mr. Weeks pointed out and this the government cannot undertake.

Mr. Weeks added that he had been informed that a proposal for acquisition for the plant was coming from a corporation which he would not name. The government has spent altogether on Muscle Shoals, eighty-seven million dollars and Mr. Weeks suggests additional expenditures of about twenty-eight million dol-

IOWA MAYOR GETS IN BAD TRYING TO ENFORCE THE LAW

Claims Result of Attack Was for Enforcing Motor Law

(By The Associated Press)
ACKLEY, Ia., July 25.—Mayor E. M. Breneman of Ackley, who was attacked by more than 200 men Sunday night owing to his vigorous prosecution of the motor vehicle law declares the assault resulted from his strict enforcement of the law.

"I was unable to secure cooperation of local officials in the prosecution of the automobile laws," declared Mayor Breneman, "and I started out to see the laws were enforced. Automobiles have been stolen by joyriders, equipment has been stolen from cars, while the speed laws have been violated openly. I made an effort to have the officers enforce the state laws and the city ordinance and when they failed to do so, I started out to see that the laws were enforced."

"Numerous arrests of young auto drivers for reckless driving and other violations aroused considerable feeling and the attack Sunday night was the outgrowth of the feeling."

"I will, however, continue to enforce the law and will have the cooperation of the county officials."

WINE PARTY GETS WRONG BOTTLES

CHICAGO, July 25.—A "wine party" indulged in by six railroad employees after they had broken into a case of bottle goods in transit through Chicago from Detroit to New Orleans, was today held responsible for the deaths of four according to an announcement at the coroner's office.

The deaths are those of Thomas Barrett, Mitchell Ward, Albert Sturges and P. J. Coffey. The other two men were critically ill but have recovered.

The deaths, which occurred between July 12 and 15 were first thought to have been caused by moonshine whiskey, but at the inquest one of the survivors admitted that a case of liquor labeled "wine" which they had found in a freight car in the yards of the Illinois Central railroad had been broken upon and the contents of three bottles consumed. Instead of being wine the liquid was a medicine containing 48 percent alcohol.

VICTORIES WON BY THE STATE IN BASEBALL CASES

Judge Charles A. McDonald Gives Damaging Testimony

(By The Associated Press)
CHICAGO, July 25.—The state won victories in the baseball trial Judge Hugo Friend ruling for the prosecution in every legal battle fought during a day of repeated sensations and thus enabling the state to reach home with direct and flank attacks on the former White Sox players and alleged gamblers charged with conspiracy for eight Sox players to throw the 1919 world series to Cincinnati.

Judge Friend ordered the confessions of Eddie Cicotte, Joe Jackson and Claude Williams to the grand jury that they were paid from \$5,000 to \$10,000 to throw games, admitted as evidence despite the fact that the three men took the stand in their own defense and swore they had been promised immunity in return for confessing.

Judge Charles A. McDonald, who ordered the baseball scandal investigation did some heavy hitting for the state, however, by following the players with testimony that they were never promised anything, that they signed immunity waivers and that they were plainly told that they would be given no consideration by the state's attorneys.

Testimony from Stenographers
Judge Friend then ruled that in place of the original signed confessions of the men which are missing the state could have the court stenographers at the grand jury inquiry read from their short hand notes the testimony of the three players. He completed the state's triumph by granting permission for Judge McDonald and others to whom the players told their stories before going to the grand jury to testify as to these conversations, the state thus being able to present a series of confessions, instead of only one.

The confessions themselves will be read to the jury when court reconvenes tomorrow. Judge McDonald today told his version of them—how Cicotte was paid \$10,000 and Jackson and Williams \$5,000 each, the latter two claiming they were double-crossed out of \$15,000 more apiece promised them.

Following the reading of the confessions Alfred Austrian, the White Sox attorney, will relate what the three players told him, and Harry Brigham, foreman of the grand jury will verify the statements as read by the court reporters.

Cicotte, Jackson and Williams testified with the jury absent their testimony dealing only with the admissibility of the confessions.

Chewing gum vigorously and speaking in very low but distinct tone, Cicotte brought absolute silence in the court room when he told how he had broken down before Judge McDonald and with tears in his eyes confessed to him.

McDonald testified that Judge McDonald not only denied that immunity was promised the men, but followed with testimony in the presence of the jury which confirmed much of Bill Burns' story. He quoted Eddie Cicotte as telling him the alleged conspiracy was started at the Ansonia Hotel, New York, in a conversation between Cicotte and another party. Judge McDonald not being permitted to mention names but that of the men he was quoting. He quoted Cicotte as confirming Burns' story that players asked for \$100,000 and that meetings were held at a hotel in Cincinnati and the Warner Hotel in Chicago.

A scandal within a scandal developed today when Ban Johnson, president of the American league testified to Robert Crowe, state's attorney that he had evidence that Arnold Rothstein of New York, whose name has been prominent in the case but who was not indicted, and other easterners paid \$10,000 for copies of the grand jury testimony and for the immunity waivers, confessions and other documents missing.

Mr. Crowe said he would start an immediate investigation.

GERMANY LOST MANY MEN IN WAR

Lerlin, July 25.—Germany lost 1,792,368 men killed and 4,246,874 wounded from 1914 to 1918, according to a revised compilation of the German casualties during the war. In addition 200,000 men are still reported as missing. The losses in the navy which are included in the casualties given above were 34,256 men killed and 31,085 wounded.

FOX TERRIER SAVES MAN'S LIFE

Harrisburg, Ill., July 25.—Knocked down and gored so badly by a bull that he became unconscious, Roy Rarter, 23, prominent dairy man and farmer of Pankeyville, probably owes his life to a small fox terrier dog which came to his master's rescue and drove off the bull, biting it so severely that it was necessary to call a veterinarian. Rarter suffered a broken leg and two broken ribs. The dog was uninjured.

The plane carries five passengers and will be welcomed on its arrival here by Mayor William Hale Thompson and other city officials.

PRESIDENT WILL TOUCH ON R. R. READJUSTMENT

Said That Secretary Hoover Has Recommended the Plan

(By The Associated Press)
WASHINGTON, July 25.—Broadening of the powers of the war finance corporation, making it the greater governmental agency for bringing about the necessary economic readjustments of the nation will be suggested by President Harding in a special communication to congress according to forecasts tonight in high administration circles.

The special letter from the president it has been announced, will deal primarily with the proposed financial settlement between the government and the railroads. But according to statements by administration leaders, it probably will go further and recommend not only that the war finance corporation take charge of the railroad settlement, so that it be placed in direct and practically so-called farm credits and export financing.

Hoover Recommends Plan
Secretary Hoover said today that he had recommended such a plan and that his recommendation had been approved by Secretary Mellon and Eugene Meyer, Jr., managing director of the war finance corporation.

Investigation, Mr. Hoover said, had convinced him that the broadening of the finance corporation's powers thru legislation was necessary.

Funds for speeding up business, the commerce secretary asserted, could be made available by the corporation without a great drain on the treasury. The corporation is empowered to issue bonds up to six times its capitalization of five hundred million dollars.

However, according to finance corporation officials that organization has an account with the treasury of more than three hundred million dollars so that a bond issue would not be necessary until that sum was exhausted. Payments to the railroads, however, are expected to clear out quickly the account with the treasury.

MASKED BANDITS GET RICH HAUL

Chicago, Ill., July 25.—Between \$5,000 and \$7,000 was stolen from a branch of the Borden Farm Products company this afternoon by five masked bandits. The robbers lined fifteen employees, including two women, against the wall and after securing the money made their escape in an automobile. The robbery was typically wild western and done in a leisurely manner, with much cursing.

NEGOTIATIONS IN PROGRESS

London, July 25.—Negotiations are in progress between the governments of Great Britain and the United States for a settlement of the difficulties incidental to the first application of the American immigration law. Professor Goebel graduated from Yale and Indiana.

HALLUCINATIONS CAUSE ARREST OF MAN FOR MURDER

Iowa Man Has to Explain Matter to Authorities

(By The Associated Press)
DES MOINES, Ia., July 25.—The murder of Thomas and Lena Peterson which occurred on a lonely road northeast of this city nineteen years ago is still an unsolved mystery. Willis Peterson, farmer of Blairsburg, Iowa, is not under arrest for the murder of his brother and sister as was reported here Saturday night, and according to Sheriff W. E. Robb of Polk county, is not implicated.

Reports from a Des Moines minister to Sheriff Robb that a member of Peterson's family had told him that Peterson was involved in the murder that resulted in an investigation. Sheriff Robb went to Blairsburg and questioned Peterson who willingly returned to Des Moines to face the relatives who had accused him of the murder.

Peterson satisfied the authorities that he was not involved and returned to his home early Sunday. He was never arrested. It developed that the relative who accused Peterson has been suffering from an illness and that her mind is affected.

CAN STILL SEND CODE MESSAGES

TARRYTOWN, N. Y., July 25.—Colonel Robert C. Clowry, 83, former president of the Western Union Telegraph company, proudly boasted that he could send Morse code messages as clearly as he could when he used to send telegrams for Abraham Lincoln at Springfield, Ill., before the Civil war.

He demonstrated it yesterday to old time telegraphers, when he sent a message over a direct wire to E. C. Newton, 73, at Little Rock, Ark., who was a telegraph operator with the Confederate army.

"This is what he ticked off: 'It's a long time from 1861 to 1921 since we were both young fellows and worked the key, you under the Bonnie Blue flag with a single star and I under the stars and stripes. We both did our duty and were spared to see a gloriously united country. Some day the great commander will be calling us to another country where many of our comrades will be waiting to extend the familiar 73.'"

In telegraph code the figure 73 means good wishes.

PAYS FINE OF ONE CENT WITH MONEY ORDER

Chicago, July 25.—Mead L. Mayhew, fined one cent and no costs recently in Judge Landis' court for misbranding a package sent thru the mails, paid the fine by money order today to the district attorney. This is the smallest fine on the records of a Chicago federal court.

Asks Citizens to Attend Pageant of Progress in Chicago

(By The Associated Press)
SPRINGFIELD, Ill., July 25.—In a proclamation issued today Governor Small designated Saturday, August 6, as "Illinois Day", the Pageant of Progress which opens at the Municipal Pier in Chicago, July 30.

The governor called upon the people to "unite in paying tribute to the honor of Illinois and the record of its progress and achievements as a great American commonwealth."

"Whereas, The city of Chicago is holding a great exposition known as the pageant of progress on the municipal pier, Chicago, between the dates of July 30 and August 14, 1921, and

"Whereas, This wonderful exposition conceived by the mayor of Chicago, has for its purpose the direct promotion of prosperity thru creating demands for articles of commerce entailing the employment of the skill of farmers, laborers, mechanics, storekeepers, mechanics, bankers and transportation agencies for the production, sales and distribution of goods and merchandise, and

"Whereas, This worthy project designed to employ and educate will be featured by displays and demonstrations which appeal to scientific, literary, artistic, athletic and enjoyment inclinations of our people and

"Whereas, During the progress of this exposition a day has been set apart and designated as Illinois Day, occurring on Saturday, August 6, 1921, and

"Whereas, The Great State of Illinois, in which this exposition is held should fittingly observe this day in its metropolis, the City of Chicago.

"Now, Therefore, I, Len Small, governor of Illinois, do hereby proclaim Saturday, August 6, 1921, as Illinois Day at the pageant of progress exposition and cordially invite the people of our state to gather in Chicago and attend this marvelous exhibition on that day and with the governor and other Illinois officials and the mayor of Chicago and other county and city officials, unite in paying tribute to the honor of Illinois and the record of its progress and achievements as a great American commonwealth."

HARDING CONSIDERING THE PHILIPPINE JOB

(By The Associated Press)
WASHINGTON, July 25.—President Harding has the names of several prominent men before him from which to select a governor general for the Philippines. Commissioner DeVera conferred with the president today and was understood to have advocated the appointment of Major General Wood if the army officer would accept, mentioning Representative Fowler as a possible choice.

The opening session of the hearings tomorrow will include discussion of about all phases of revision according to the calendar posted tonight by the committee. Mr. Fordney said he would insist on concluding the open sessions in four days. He believed the house would get the measure in about three weeks but other house leaders including Representative Mann, Republican of Illinois, said the bill could not be put into shape that quickly.

On the search for methods of raising around four billion dollars a year members of the committee were declared to have talked also of a stamp tax on bank checks but that suggestion was understood to have been frowned on by the treasury. Other stamp proposals may get some consideration in the committee but members said candidly they feared the action from them.

Others mentioned for the \$18,000 appointment include, Clarence B. Miller, secretary of the Republican national committee, Justice Johnson of the supreme court of the Philippine Islands and former Representative Gilbert of Indiana, who was vice governor during Governor Forbush's administration.

FRED GILBERT LEADS PROFESSIONAL SHOOTERS

Fort Snelling, Minn., July 25.—Fred Gilbert of Spirit Lake, Ia., led the professionals at the end of today's shoot at the second Great Lakes zone trap shooting tournament, getting a perfect 100, which, with his 100 obtained yesterday, gave him 200 straight shots without a miss.

J. R. Jahn of Long Grove also broke 100 today. In the amateur class, three men were tied for first place with 99 each. They are E. C. Buchanan, Burlington, Ia.; C. D. Moon, Eau Claire, Wis., and Frank Hughes, Moberly, S. D.

FLYING BOAT MAKES FAST TRIP

Manistee, Wis., July 25.—The giant aeromarine flying cruiser, the Santa Maria, flew from Detroit to Mackinaw City today in four hours and ten minutes, the fastest trip in great lakes transportation, with eight passengers and baggage. The fastest train time is eleven hours. The Santa Maria is the largest passenger-carrying flying boat in the world and is on its way to the Chicago pageant of progress. The flight is considered epochal.

BELIEVES ANTHRAX HAS BROKEN OUT

Yankton, S. D., July 25.—An outbreak of what is believed to be anthrax among livestock in the western part of Yankton county has caused the death of eight head of cattle and horses including a registered bull during the last few days. A test is now being made for the disease by chemists from the state college.

PREDICTED SHERIFF WILL BE ORDERED TO SERVE WARRANTS

General Opinion Seems to Be That Judge Smith Will Order the Sheriff to Proceed if the Governor Does Not Change His Attitude—Many Possibilities are Held Out

(By The Associated Press)
SPRINGFIELD, Ill., July 25.—Unless counsel for Governor Len Small makes some new move tomorrow Judge E. S. Smith, it was believed tonight, will order Sheriff Henry Mester to serve capias on the governor haling him into court to face charges of embezzlement of state funds while he was treasurer of Illinois.

Judge Smith indicated tonight that he has decided on his action tomorrow unless something unforeseen develops. State's Attorney Mortimer was prepared to present arguments for the governor's arrest tomorrow if the court is inclined to listen to them. Mr. Mortimer was ready last Friday when counsel for Governor Small, appearing as "friends of the court," contended that the governor is immune from arrest. Judge Smith, however, showed no disposition to hear arguments by the state's attorney then.

"If the court wants to hear our arguments we will be prepared to present them," said Mr. Mortimer tonight.

Judge Smith will reconvene court at 9 a. m., tomorrow. "It was apparently understood by some that the court would open at 10 o'clock," the judge said, "and of course I am willing to wait until that time on any of the interested parties, but my court will begin at 9."

BUILDING OF NEW TAX MEASURE IS BEING DISCUSSED

President Hears Details from Chairman Fordney

(By The Associated Press)
WASHINGTON, July 25.—Plans for building a new tax law took more definite form today as preparations were completed for the actual beginning tomorrow of the revision of the laws by the house ways and means committee. President Harding heard details of what house leaders propose to do from Chairman Fordney, of the committee, during the day and information leaked out indicating that the three cent postage stamp might be resorted to as a revenue producer.

The return to the three cent stamp was understood to have been discussed at the conference Saturday between Secretary Mellon and Mr. Fordney and other Republican members of the ways and means committee. The suggestion will be taken up with the postoffice department before any further moves are made, however, it was stated.

On the search for methods of raising around four billion dollars a year members of the committee were declared to have talked also of a stamp tax on bank checks but that suggestion was understood to have been frowned on by the treasury. Other stamp proposals may get some consideration in the committee but members said candidly they feared the action from them.

SUIT IS ENTERED AGAINST COMPANY

(By The Associated Press)
CHICAGO, July 25.—The first court action against the Michigan Avenue Trust company, recently closed by State Bank Examiners was instituted today when six creditors entered suit for a money decree against the institution. Warren C. Spurgin, the missing president and all present and former officials. The bill asserts that after conversion all assets there will remain due at least one million two hundred and twenty-five thousand dollars.

The legal action taken in defiance of recommendation made by a committee of depositors, asserts that of three million five hundred dollars outstanding obligations the amount which can be collected from all stockholders will not exceed one hundred fifty thousand dollars. The bill also is an injunction restraining creditors from entering suit.

While depositors agreed to let their savings remain in the bank at least until a report is made by the state auditor efforts were renewed to locate Spurgin. The discovery that Mrs. Spurgin and her daughter went to Detroit from Chicago has led the authorities to believe that Spurgin took another route in his flight and a close watch is being kept on the Mexican border.

OFFICERS SEARCHING FOR MISSING BANKER

(By The Associated Press)
DETROIT, Mich., July 25.—Officers who have been searching here for Walter Spurgin, missing president of the defunct Michigan Avenue Trust company of Chicago, tonight declared they were convinced that if the banker came to Detroit after leaving Chicago last week, he had crossed the border into Canada. No one had called at the postoffice up to tonight, for mail, said to be held at the general delivery department there for Mrs. Spurgin, nor had anyone claimed the automobile registered by Mrs. Spurgin near a rooming house where she stopped Thursday night.

CHICAGO, July 25.—In an effort to stimulate the search being made for Arthur B. Carson, former newspaperman who disappeared from his home here July 6, a reward of \$100 has been offered for information as to his whereabouts. Carson, who is 40 years old, suffered a nervous breakdown while employed on the American Lumberman, a trade journal.

Jacksonville people are working enthusiastically in advertising the coming of the great "Wild West" next week.

There is to be a notable gathering of Odd Fellows from Scott county at Nichols Park on Friday. The lodge in Winchester is among the oldest in the state and has had many notable men in its ranks.

A writer in The Forum writing on grain exchanges, says:

"Wide has been the discussion in recent months as to what service the exchange renders to the farmer. First, it handles his grain on

a margin of cost smaller than exists in any other foodstuff. Second, it provides a ready market in which he can dispose of his products at any hour of any business day in the year, at prices based on world supply and demand.

"Grain exchanges do not fix prices. They merely provide a meeting place for buyers and sellers, and register prices at which grain is bought and sold. Upon this single point thousands of farmers have been misled."

THE MUSKETEERS

Joseph Hamblen Sears, well known literary critic, writing on the enduring quality of "The Three Musketeers" as a stimulus to morale thru generations, remarks in The Forum for August: "If, in a few weeks, another impossible problem arose, there on the table, ready at hand, lay the four swashbuckler youths of France who encountered all sorts of impossible problems and never threw up the sponge. If the great Minister of Louis XIII could be outwitted by D'Artagnan, why not the bill collector by Smith? If Athos could keep perfectly calm when attacked by a dozen brigands, why should Jones lose his nerve when the boss gave him the blue envelope?"

A GOOD SUGGESTION

A clerk in the postoffice department has responded to the postmaster general's request for suggestions as to how to economize in the public service as follows:

"Every time a man or woman in the government service holds a requisition for a pencil, a pad of paper, a ball of twine, a pen, or any other piece of equipment which, upon second thought, he realizes he does not need, has by that act really done as good work as if he had put the money value of the article into the public treasury. Small economies by each, when multiplied by the thousands, will result in great savings."

If more of us Americans who are worried about our personal finances during these depressed days, would act upon this postal clerk's philosophy, we would find it easier to make both ends meet.

NO GUARDIANSHIP

Commenting on reports from Paris to the effect that France will accept President Harding's invitation to an international conference on the limitation of naval armaments, but intimating that France cannot consent to a lessening of her defensive strength unless she is guaranteed absolute security from her traditional enemies to the east, the Republican Publicity Association, thru its president, Hon. Jonathan Bourne, Jr., says: "No exception can be taken to such a stand on the part of the French. They know and the world knows that Germany will attack France again the moment there appears to be a fair prospect of victory, and it would be the height of folly for France not to be prepared against that eventuality."

"But looked at from the American point of view, there appears to be no essential difference between a guaranty of French integrity against Teuton assaults and the provisions of the notorious Article 16 of the league of nations covenant. Not only did the Senate repudiate that covenant, but

it failed even to consider an alliance between the United States and France, by which the former would rush to the assistance of the latter should she be attacked from without. The proposition was embodied in a treaty negotiated by the former president and presented to the Senate where it still reposes in a pigeon hole.

"However friendly may be our feelings toward France or any other nation, this country cannot afford to entangle itself with an alliance of that sort. It is distressing enough to sacrifice our young men and treasure when our own government deems the time has come when the nation must make war, but it is unthinkable that any other country shall be given the power to say when we shall rush to arms. By such an arrangement as France appears to seek, Germany could sound the death knell of thousands of good American boys and plunge the United States into further depths of debt by marching upon France. Under an alliance we would be compelled to go to war, regardless of whether the action of Germany was a menace to this country.

"Limitation of armaments is a beautiful ideal, to be sought by every proper means. Possibly a way may be found for its practical realization in some degree. But, such an outcome of the Washington conference, the United States must not assume the guardianship of those other nations that may consent to a limitation of their military strength. The price is too great, and the principle is just as repugnant now as it was when it led the Republicans in the senate to denounce the league of nations covenant."

SCHOOLING OF U. S. GRAIN GROWERS

CHICAGO, July 26.—Sixty county farm advisers and assistants finished a two-day schooling in organization of the U. S. Grain Growers, Inc., the new farmer-owned grain marketing corporation, at Chicago last week and are now actively preparing for membership campaigns in their counties.

Although the organization of farmers of Illinois into the farmers' national grain marketing company is not scheduled to begin until Aug. 1st in LaSalle and McLean counties, organizers are already in the field and have signed up ten elevators in the two counties in two days.

"Directors of every local elevator to whom the plan was explained have become lined up with the movement," said Robert N. Clarke of the Illinois Agricultural Association, who is directing the grain growers' organization in Illinois. "Elevator officials seem generally of the opinion that the present system of marketing is unsatisfactory to either farmer or consumer."

A summary of organization work in other states issued by the U. S. Grain Growers, Inc., states that eight elevators and 132 farmers have signed up in the first three days of organization in the first Oklahoma county. Thirty-nine elevators and 5,000-000 bushels of grain have signed up in North Dakota. Thirty elevators and 166 farmers have organized in Missouri. Only one or two counties are being organized in each of these states.

The Illinois elevators to become identified with the movements are at Yutan, Coville, Danvers, Sidney and Dry Grove in McLean county and at Ransom, Leonore, Garfield and South Ottawa in LaSalle county.

POULTRY AND RABBITS
AT THE FAIR
The Morgan County Fair association will put on a Standard Poultry exhibit September 6-8 in a tent forty by seventy feet. The cooping will be in single and pen voops, which are of wire, made up in the most up-to-date manner for light, room and sanitary conditions. The entry fees will be ten cents for single specimens and twenty-five cents for pens. One male and four females. The premiums will be \$1.00 for the first; 50c for the 2nd, and ribbon for the 3rd. The rabbit exhibit will consist of all recognized standard varieties and the premiums will be on single specimens and litters of doe and four or more under two months old. Since these exhibits are to consist of Morgan county bred and raised fowls we shall expect every breeder of our towns, city and farms to exhibit their best of the various standard poultry of which this county has perhaps as many varieties as any county in the state. The exhibiting will be the best and cheapest advertising any owner of standard fowls can do to aid in disposing of surplus stock during the fair and later when breeding stock will be in demand for 1922. The exhibit will be in charge of D. T. Heimlich, as Supt. and J. C. Weber as assistant superintendent. All entries must be made on the entry blank furnished by the fair association. Entries will close August 30th.

James Hembrough, Rose, Florence and Sadie visited at the home of Frank Hembrough Sunday.

MRS. JOHN CLARY APPOINTED CHAIRMAN

Mrs. John W. Clary has been appointed chairman of the garment conversation work for the Morgan county Red Cross. This committee is to provide garments for the children of southeastern Europe, many of whom are now clad only in rags and newspapers.

128 layettes and 676 children's garments in the quota assigned to Morgan county.

Information collected by the Red Cross in Europe shows that there is instant need of 250,000 layettes and 2,000,000 garments for children up to the age of fourteen, and that an infinitely larger number of garments would be necessary before these children would be even decently clothed. It is estimated that the 2,000,000 garments asked for will clothe inadequately 500,000 children.

Mrs. T. K. Armstrong of Mount City, Mo., is being entertained at the home of Miss H. C. Jones on account of the illness of her niece Mrs. C. W. Howden.

Deaths

Burl

Virel Burl died at his home 342 East Washington street about 2 o'clock Monday afternoon, a victim of tuberculosis. Mr. Burl had been employed as a porter at the new Emporium store. He is survived by his and one child.

The body was removed Monday afternoon to the Gillham funeral home. Funeral arrangements will be announced later.

Van Horebeke

Death came Sunday morning to Leon Van Horebeke, who was a patient at a local hospital. The deceased was formerly a prominent musician and teacher in Springfield.

The body was taken to the Gillham funeral home Monday morning, and will be sent to Springfield for burial.

Ryan

Miss Katherine Ryan, of 1302 East Railroad street, died at 6 o'clock Sunday evening at Our Savior's hospital. The deceased had been in failing health for some time and had been a patient at the hospital since February.

Miss Ryan was a life long resident of this city, having been born here 67 years ago. She was a faithful member of Our Savior's church. She is survived by the following sisters, Mrs. Henry Brandt, Peoria, Mrs. Nora Horn, Stockton, Cal., and Mrs. Mary Leahy of Assumption, Ill.

The remains were taken to the undertaking parlors of J. H. O'Donnell and prepared for burial. Funeral services will be held at 9 o'clock this morning at Our Savior's church. Interment will be made in Calvary cemetery.

Duncan

Death came Sunday evening at 7:30 to Robert Patterson Duncan at his home at 355 West Lafayette avenue. At the time of his death Mr. Duncan was over seventy-five years old. For more than fifty years he had been an employee of the Wabash Railroad company, and was well known in railroad circles, being familiarly known as "Uncle Bob." During the last twenty-two years he had acted as crossing flagman at the intersection of North Main street and the Wabash railroad.

The deceased was born at Connelville, Pa., June 16, 1846, the son of John and Eliza Duncan. He came to Illinois in 1869 with other members of the family. In 1874 he was married to Lydia Vance.

He is survived by the wife and five children—Charles Duncan of St. Louis, Mrs. Carl Henderson of Peoria, Miss Jennie Duncan at home, Mrs. William T. Suhay and Mrs. L. D. Shert and one granddaughter, Grace Burrus, who has lived with her grandparents since the death of her mother who was their oldest daughter, Mrs.

WOMAN WANTED FOR STABBING SURRENDERS

Tragedy Claimed to Have
Been Caused by Love
Affair

CHICAGO, July 25.—Mrs. Emilia Panico, wanted by the police for the stabbing to death of Mrs. Mary Esposito, walked into the Maxwell Street Station shortly after four o'clock this afternoon and surrendered. Earlier in the day the police announced that if Mrs. Panico did not give herself up they would send her six small children away. This appeal to the mother instinct is believed to have induced the fugitive to leave her hiding place.

The murder of Mrs. Esposito at first thought to have been a part of the Nineteenth ward political feud, was attributed today as due to jealousy aroused over the attentions Mrs. Panico's husband is alleged to have paid Mrs. Esposito following the murder of her husband several months ago.

Love Affair Alleged Cause
Witnesses at the inquest which was opened today but continued until August 4, told of an apparent love affair in which Mrs. Esposito was being seduced by Mrs. Panico's husband.

Carmella Pappio, 15 years old, shed light on this affair. Everybody knows that Sam was going with Mrs. Esposito," she said, "and Mrs. Panico learned about it and was going to kill Mrs. Esposito two weeks ago."

Other testimony in a degree corroborated the girl's story. It was shown that Mrs. Esposito was sitting outside her home yesterday when a woman, alleged to be Mrs. Panico, approached her and slapped her in the face. The blow started a fight which ended in the fatal stabbing.

STEAMSHIP COMPANY TEMPORARILY GETS BACK SEIZED SHIPS

Court Issues Temporary Injunction in Favor of Company

(By The Associated Press)
New York, July 25.—The United States Mail Steamship Company today legally regained, through a temporary injunction, possession of nine ships seized from it last week by the United States shipping board on charges of delinquency in payment of \$400,000 charter hire.

The writ of injunction issued by State Supreme Court Justice Burr, restrains the shipping board and the United States Lines to which such ships as were ready to sail were temporarily assigned for operation, from any interference with the affairs of the company. The injunction is returnable next Thursday. In New Jersey where the United States Mail Steamship company again took possession of the liner America, scheduled to sail for Bremen tomorrow, a temporary injunction to restrain the shipping board from interfering with the sailing was temporarily denied. Vice-chancellor Lewis, to whom the application was made, announced he would consider the application and return a decision later, probably tomorrow. Meanwhile preparations were continued to get the America to sea with her 810 passengers on scheduled time.

Involves 140,000 Tons
The ship involves the seizure aggregate 140,000 gross tons with an estimated valuation of approximately eight million dollars. They are: George Washington, America, President Grant, Agamemnon, Susquehanna, Potomac, Mount Vernon, Pocahontas and the Princess Matoka. In the application for the injunction granted in New York the United States Mail Steamship company presented in full the contracts with the shipping board with which it was operating the ships.

It was alleged that the shipping board had misrepresented the physical condition of the vessels when the alterations and contracts for conditioning by the company were made that more money had been required for repairs than was estimated and that the contract provided for arbitration of all disputed points. It was alleged also that the ships had been seized by the board without abiding by the arbitration clause.

Justice Burr tonight heard arguments by attorneys for both the shipping board and the steamship company but declined to vacate the injunction he granted earlier in the day. He warned government representatives against any action that might affect the injunction declaring the vessels were seized by "an exercise of force."

PLEASANT AFFAIR AT FRANKLIN HOME

A number of friends and relatives were entertained Monday evening at the home of Mrs. C. I. Glenn in Franklin. The hostess was assisted in entertaining by her daughters, Miss Dorothea Sargent and Mrs. S. W. Reuter of St. Louis. An informal musical program was given during the evening and before the guests departed light refreshments were served. Among those in the company were Henry Conley of Chicago, Miss Goldie Kohlbrenner of St. Louis, Mrs. O. E. Tandy and Miss Camille Wright of Jacksonville.

DENTISTS GIVE SUPPER

The dentists of Jacksonville gave a supper party Monday evening in honor of Dr. Frederick C. Noyes, who is to leave Tuesday for Santa Anna, Calif., where he will make his home. The party was held at the home of Dr. Alpha B. Applebee at 6 o'clock with all but two of the Jacksonville dentists present. After the supper the men attended a picture show.

WILL TAKE CALLIOPE

The Waverly auto tour committee announced Monday that a steam calliope had been secured to accompany the procession of automobiles which will leave here at 10 o'clock Thursday morning to attend the Tri-County Farm Bureau picnic. The instrument belongs to Mr. and Mrs. Train who are spending their vacation here. It will be shipped from Chicago.

BOOTLEGGER WINS

YACHT CLUB TROPHY
Montreal, July 25.—The sloop Bootlegger of St. Paul today won the trophy defended by boats entered by the Royal St. Lawrence Yacht club, taking first place for a second time in the international races on Lake St. Louis. Her companion entrant from St. Paul, Free Hooter, again finished second. This gave the Yankees a point victory over the Canadian sloops Red Patch and Beaver, 14 to 6.

WOMAN WHO IS FLOGGED WON'T LEAVE

Birmingham, Ala., July 25.—Miss Kate Alexander, who with C. S. Cooley, was flogged by masked men Saturday was too ill to leave her bed today. She reiterated she would not leave town as admonished. Cooley said he would comply with the demand and leave. Both deny guilt of any wrong doing and Miss Alexander has demanded a full investigation of the attack.

BERGDOLL CASE ENDED FINALLY AND PEACEFULLY

No Belligerent Scenes Were
Enacted at Closing
Session

WASHINGTON, July 25.—The Bergdoll investigation ended finally today—and ended peacefully. There was no statement from the committee, which had been directed to fix responsibility for the escape of Grover Cleveland Bergdoll, the draft dodger while hunting last year for a buried tub of gold, as to disposition of the case of Major Bruce R. Campbell, an army officer, accused by Mrs. Emma C. Bergdoll, of accepting five thousand dollars to help get her son out of the clutches of the law.

An unexpected turn at the last moment was a demand by Representative Luehring of Indiana, a Republican member of the committee to the alien property custodian be ordered forthwith to find a recover one hundred and five thousand dollars in gold taken from the treasury a year or more ago and alleged to have been buried. Mr. Luehring insisted that the evidence developed by the committee indicated that the gold was obtained from government vaults for bribery purposes and that it still buried, as the woman asserts, it ought to be dug up and put back in government hands.

Gold Has Been Real Mystery
All along the gold has stood out as the real mystery of the Bergdoll case, altho no amount of questioning could bring from Mrs. Bergdoll any statement beyond the cryptic reply that it was buried.

The committee deferred action on the gold question until its report is formally presented to the house, about ten days or two weeks hence.

Members of the committee refused to say whether they would recommend that the Campbell charges be dismissed or turned over to the war department for such investigation as the inspector general might suggest to Secretary Weeks.

Major Campbell's seventy year old father, William R. Campbell of Lexington, Ky., corroborated the son's statement that a five hundred dollar fund placed with the late Milton Young of Lexington, in 1915, grew in two years to six thousand dollars, and that the money, with a word of explanation was turned over to the officer.

Major Campbell reiterated that this same money, some of which was in thousand dollar bills, was deposited with a Wall Street firm last year about the time Mrs. Bergdoll swore she had given him five thousand dollars.

Major Campbell stuck to his story that the same money, hidden by his wife all during the war, was taken to Wall street and lost in speculation.

MEETING AT FARM BUREAU

A number of men interested in the Tri-County Farm Bureau picnic to be held at Waverly Thursday met Monday night at the local farm bureau office. Twelve people from Waverly were present, besides a large number from Jacksonville. C. A. Carter of Waverly and Secretary Welch of the Jacksonville Chamber of Commerce were among those who spoke. Reports were heard from several of the committees in charge of the picnic events. The Waverly delegates expressed their appreciation of the interest which Jacksonville people are taking in the affair, evidenced by the large number who are planning to attend.

Among those present from Waverly were W. H. Rohrer, Frank Beatty, Dr. J. D. Chenoweth, E. B. Wyle, A. L. Harley, W. M. Smith, William Walls, J. L. Adcock, Fred Deatherage, Dr. W. H. Allen, C. A. Carter and the Messrs. Gibson.

Miss Helen Allcott and Miss Eleanor Masters are visiting for a few days at the home of Mrs. Frederick Buck, Jr., in Springfield.

Miss Frances Strawn, who has been visiting with relatives and friends in Griggsville, returned home Monday night.

Exhibit

There will be on exhibition at the real estate tent on Chautauqua grounds in Arenzville from July 28 to Aug. 1, fine lot of farm products that were grown on the lands in the celebrated Judith Basin country of Montana.

If you are a renter or land owner it will pay you to come here and inspect these products and compare same with similar crop grown on Illinois \$300 land. Descriptive literature and booklet will be distributed to ones that are interested. This land improved is selling from \$60 per acre up.

Professor Einstein

—The eminent professor says only twelve men in the world understand his theory of "Relativity."

—Maybe so, but any ten year old kid knows a suit of clothes that wears, and looks well while wearing, from one that does not.

—Price is relative. You cannot "see" the wear in a suit. Just because a suit is called "cheap" is no argument in its favor.

—When a suit is "inexpensive" in actual money, and the best made at the same time, then you have "value."

—There is 100% value in every suit turned out of this shop, and just now they are quite "inexpensive."

—This is understandable "Relativity."

PATTERSON-KLINE SHOWS ARE GOOD

Are the Cleanest Ever Shown in Jacksonville—Large Crowd in Attendance on Monday Evening.

The Patterson-Kline shows which arrived in Jacksonville Sunday afternoon, gave their first performance Monday night at the Stout pasture at the corner of Independence avenue and North West street. A great crowd of people from both city and country, was on hand for the opening performances.

Those who saw the shows were impressed by the wholesome character of the amusements. The Patterson-Kline carnival enjoys a reputation for real cleanliness. The management will not permit any shows of questionable character.

Fourteen attractions make up the bill for this year. These include a big one-ring circus, "Dinky Moore's" colored minstrels, motorcycle races, and many other which hold the interest of the crowds.

Funerals

Funeral services for Maxine Ruth Smith, five-year-old daughter of Richard E. Smith, were held at three o'clock Monday afternoon at the home of the deceased's grandparents, Mr. and Mrs. L. B. Smith, at 121 East Morton avenue.

The Rev. Myron L. Pontias had charge of the services, and was assisted by the Rev. G. W. Randle. Interment was made in Jacksonville cemetery. Miss Nell Self sang a solo at the cemetery.

The bearers were Albert Cassell, Eugene Cassell, Grover Smith and Martin Smith. The Misses Wells had charge of the flowers.

WITH THE SICK

Miss Ursula Fawcett who has been a patient at Passavant hospital was able to return to her home on West North street Sunday.

Calvin Buchanan of Franklin entered Passavant hospital yesterday as a patient.

"KEEP CHILDREN AT HOME" URGES CITY PHYSICIAN

Four Cases of Infantile Paralysis Reported in City—Official Advises Against Allowing Children to Congregate.

"Parents in Jacksonville, keep your children on your own premises as much as possible during the next two weeks," is the latest advice from Dr. A. M. King, city health physician. "Keep the children away from the movies, the churches, the business houses and all public gatherings, in order to stop the spread of infantile paralysis in the city. Now is the time to nip this dread disease in the bud, for if infantile paralysis gets a start in Jacksonville, no telling what the result may be."

"Four cases, one of which resulted in death, have been reported in Jacksonville to date. The form of infantile paralysis is appearing here in surrounding localities is proving very fatal, the patient surviving not more than two or three days after being attacked."

Cards were ordered placed on the houses containing paralysis victims this afternoon. The rules of quarantine are very strict, and are imposed by the state board of health. The patient is to be quarantined twenty-one days.

If the patient is removed from the premises, goes to hospital, or dies, all contacts shall be quarantined for two weeks after such removal. This includes adults and other children on the premises.

Adults living on the infected premises shall be quarantined for three weeks. Only by changing his place of abode can the bread-winner escape quarantine.

The violation of these rules will be followed by speedy punishment. The penalty for breaking the rules of quarantine for infantile paralysis is a fine of \$200 for each offense, imprisonment in the county jail for not to exceed six months, or both. Dr. King intends to punish offenders to the full extent of the law. If you see a quarantine card for infantile paralysis on a house, remember that it means exactly what it says. Quarantine means quarantine in the strictest sense of the word.

Infantile paralysis is very treacherous and usually fatal. It is baffling physicians, and the fight against it must be hard and bitter, for it is the greatest foe of childhood. The disease may be carried in the clothes of adults. The germs are also in the air.

The strict rules of quarantine are imposed at the suggestion of Dr. Isaac Rawlings, director of the state department of health, whom Dr. King called by long distance this afternoon.

The public is asked to watch the papers for further information and directions as to steps to be taken in fighting infantile paralysis in Jacksonville.

PAGEANT PORTRAYS EARLY DAY SCENES

The pageant committee of the local Red Cross met at the public library Monday evening at 7:15. This committee is to formulate plans for presenting the pageant, "The Red Cross of Peace," at the Jacksonville chautauqua on Red Cross day, August 19. Ruth Moughy Worrel and Helen Moughy Jordan are the authors of this picturesque drama. It is to be directed by John Kearns, who is chairman of the committee. Other members of the committee are Miss Lena Hopper, Miss Jeanette Powell, Miss Nell Self, Mrs. Frank Hehl and Miss Grace Carter.

About two hundred people are to take part in "The Red Cross of Peace." Sixty or seventy of these will be children. It will be the work of the committee to assign the various parts to the people who are to take them.

The committee will meet again at the public library Thursday evening at 7:15.

AUTO DEALERS IN REGULAR SESSION

Noted Juvenile Elocutionist of Chicago and Miss McNamara Guests of Association—Members to Attend Tri-County Picnic.

The Jacksonville Automotive Dealers association held its regular meeting Monday evening at the Dunlap hotel, preceded by a 6 o'clock dinner served under the personal direction of Manager Rule. The menu was elaborate consisting of everything seasonable from fried chicken "never-thing" to delicious peach ice cream and chocolate cake, and was thoroughly enjoyed by the large membership present.

The guests of the evening were Miss June Haslett and Mary Louise McNamara, the former a noted juvenile elocutionist of Chicago who is in the city visiting her aunt, Mrs. Lee Wiegand, and the latter the daughter of William McNamara of McNamara-Henaghan Co. After dinner Miss Haslett favored the members with several selections which brought great applause. The young lady (who is but 12 years of age) might rightly be regarded as a child prodigy but her work last night shows careful training added to natural talent. Her enunciation is clear and voice control and emphasis practically perfect, and her imitation of the tones of the various speakers represented in her selections would cause one to believe they were listening to the originals if he were not facing her.

Following a discussion of the Tri-county picnic to be held at Waverly this week Thursday it was voted unanimously that every member make a special effort to drive over and to take with him as many as his car will hold. The association believed affairs of this nature were most worthy and deserving of fullest public support. The association also expressed its pleasure at the progress being made in securing hard roads for Morgan county and felt that it would not be long until our state is well taken care of in this respect.

JAMES WHITCOMB BROUGHER
Preacher, Lecturer, Humorist

Dr. Brougher of Los Angeles is the idolized pastor of the most individualistic Baptist church in the world and it is said that he is the largest regular congregation in America. The church itself is a regular department store ministering to a hundred organizations to every conceivable need of mankind.

The magnificent personality of the preacher, his bright optimism, his brimming mirth, his tender sympathy, his fiery eloquence, his superb leadership and his genius for drawing and holding great audiences, have all combined to gather about him a large congregation whose loyalty and enthusiasm are akin to hero worship. Many Jacksonville people who have visited Los Angeles have found it almost impossible to enter his church on account of the great crowds. Dr. Brougher is one of the most remarkable figures on the platform today. The spare, muscular frame, the dark, vivid face, overhung with a fine crop of bushy black hair, the keen, humorous eyes, make him conspicuous under all circumstances. When he steps onto the platform a spell of hushed expectancy comes over the waiting audience. One moment he toys with his audience as a kitten plays with a ball, the next he is transformed into a cyclone, sweeping everything before him. He chuckles his audience under the chin, pats them on the back and then lashes them for their follies and foibles. Brougher is a genius. Those who heard him at our chautauqua a few years ago will all be on the front seats to hear his new lecture, "Keys and Keyholes."

INDEES WIN OPENER FROM THE WHITE SOX

Take Opponents Into Camp by Score of 4 to 2—Game Was Well Played by Both Teams.

In one of the best played games of the season the Indees defeated the White Sox in the opening game of a five game series by a score of 4 to 2.

Both teams played a good game in the field and the rooting was strenuous, by the supporters of both teams. There was some kicking on the part of the White Sox on balls and strikes and several grand stand umpires also took exceptions to the ump's rulings. However, it seemed to us that Ely's decisions were fair for both teams and neither one was hurt by any of them.

Both Padgett and Seymour pitched good ball, but both were unsteady at times. Padgett walked one man and struck out nine while Seymour walked three and struck out seven. Each pitcher allowed eight hits. Of these all were singles except three which were for two bases. The Indees had two of these and the White Sox one.

The White Sox showed a good fielding team and worked without an error. The Indees only had two bobbles during the afternoon.

MADE A HIT WITH HIM

"My wife has taken my medicine and has been wonderfully benefited. For over four years she has had trouble with bloating and could scarcely eat any food because of this condition. Doctor's medicines did not help her and an operation was advised. Her brother, who is a druggist, sent her a bottle of May's Wonderful Remedy and it helped her at once. I cannot praise your medicine enough." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One does well convince or money refunded. For sale at all druggists.—Adv.

and neither of them figured in the scoring.

Story of the Game.

The White Sox broke the ice in the first inning and got to Padgett with such effect that it looked as if they were going to make a lot of runs or drive him from the mound.

After Dickson had gone out, Burkery to Wheeler, Zell singled to left center. Points put another in the same place and Zell took third. Points stole second on the first ball Padgett pitched to Cox. The latter doubled to right and Zell and Points scored.

The Sox blanked the Indees in their half despite the fact that Denney the leadoff man got a double.

In the second the Indees made one. After Christopher had flied to Shirley, Burkery singled to left and was sacrificed to second by DeFratres. He came home when Hamm singled to center. Zell caught Hamm napping off first. The Indees took the lead in the third. Padgett and Denney walked. Wheeler hit to Dickson and Padgett was caught at third but Denney and Wheeler were safe. Ruble followed with a single scoring Denney and putting Wheeler on third. Ruble stole second. Clark and Wheeler worked the squeeze. Wheeler scoring and Ruble going to third. Christopher walked but Burkery was out, Dickson to Cox.

The last run came in the sixth. Christopher singled and took second on Burkery's out, Dickson to Cox. DeFratres struckout but Hamm delivered a double barreled shot to center and Christopher romped home with the last run of the game.

In every inning except the second and ninth the White Sox threatened. In the third Dickson go to the hot corner but nobody could deliver the necessary punch to put him across. The score:

BABE RUTH GETS TWO HOME RUNS

CINCINNATI, O., July 25.—Babe Ruth delighted a large crowd at Redland Field today by hitting two home runs in an exhibition game between the New York Americans and the Cincinnati Nationals. The Reds won the game, 9 to 8.

With two out and the bases full in the fifth inning, Ruth drove the first ball pitched to him over the center field wall, the first time this feat has ever been accomplished. In the seventh with one on base, Ruth hit into the right field bleachers on the fly, which established another record for the Cincinnati park.

Score by innings: N. Y. Am. 000 051 200—8 8 2 Cincinnati, 430 000 20x—9 13 2

Harper, Collins, Ferguson and Hoffman, Devoemer; Combe, Donohue and Wingo, Douglas.

ADAMS' PITCHING WINS FOR PIRATES

PITTSBURGH, July 25.—Effective pitching by the veteran Babe Adams, together with sensational fielding and hitting by his teammates, enabled Pittsburgh to defeat New York in the first game in the mid-season series here today 6 to 3. Adams has been sent to the mound three times against the Giants this season and won two of the games.

Max Carey, the pirates center-fielder, had eleven putouts and three hits. Douglas was hit hard for six innings and he retired in favor of Sallee.

Score: New York 000 100 200—3 9 0 Pittsburgh 200 011 20x—6 13 2

Douglas, Sallee and Snyder; Adams and Schmidt.

Lawrence Cox, John Stigall and Curtis Williamson have returned from Mercedosa, where they enjoyed a camping vacation most pleasantly.

Daily Market Report

FAIR MEASURE OF ACTIVITY SHOWN

NEW YORK, July 25.—A fair measure of activity and strength, especially among steels, equipments and rubber, sugar and tobacco specialties marked the opening of the week on the stock exchange. Part of this advantage was cancelled in the idle drift of the later dealings, the market closing irregularly.

Sales amounted to 385,000 shares.

The failure of a prominent brokerage house with local and Philadelphia connection suggested that certain weak features in the markets' technical position were in process of further readjustment or liquidation.

Offerings of call money at five and one-half per cent., later shaded to five, were larger than at any time since the disbursement of July interest and dividend payments. Time rates held firm but interior banks again bought liberally of merchants' paper.

Foreign exchange was the one branch of the financial markets in which reactionary conditions prevailed.

The London rate for demand bills fell to a fraction under 357 and continental quotations yielded variably.

Liberty issues closed mostly at higher levels, but internationals were mixed.

Total sales par value, \$1,375,000.

WHEAT PRICES

BULGED AT CLOSE

CHICAGO, July 25.—Wheat prices bulged at the last today on account of reports that wheat bought by Belgium in Australia was being received out of condition. The market closed firm, 3 to 14 net higher with Sept., \$1.23 1/2 to \$1.23 3/4 and December, \$1.23 1/2 to \$1.23 3/4. Corn gained 2 to 3c, oats lost 1 @ 2 to 3c, and provisions finished unchanged to 15c lower.

The late strength of wheat was emphasized by gossip that exporters had been unable to obtain their requirements in the market here renewed attention was thus drawn to a statement from Secretary Hoover putting stress on a forecast that United States surplus grain would be in demand for Europe. Until after midday, however, the market had ruled heavily owing to continued big receipts here and to likelihood that the total primary receipts this week might exceed any previous record. The sides hedging pressure was much in evidence during the morning and premiums for fancy spring grades were shot to pieces tumbling to 25c in home cases compared with Saturday.

On the other hand, a decided falling off in the amount of hedging sales took place in the last hour, shorts covered freely and commission house demand was said to be of a very good class.

Export sales of 500,000 bushels rallied the corn market from the bearish effect of rains, but hedging sales kept oats weak through the day.

Lower quotations on hogs acted as a weight on provisions.

COUNCIL MET IN REGULAR SESSION

But Little Business was Transacted at Meeting Monday Night — Bids for Breaching for Power Plant Boilers Referred to Committee.

Little aside from routine business was transacted at the regular meeting of the city council Monday evening. When the clerk called the roll it showed all members present except Ald. Ehnie and Williamson. Ald. Ehnie came in during the proceedings and took his place in the council. After the reading and approval of the minutes the clerk read a communication from the Automotive Dealers' association commending the mayor and the council for their work in repairing the old pavements of the city.

Ald. Flynn reported that a manhole had caved in at the intersection of South Diamond and Grove streets and that there had been no brick to make the repairs. He thought some arrangement should be made to have a supply of brick on hand.

Ald. Chapin told the alderman that when the old pumping station was wrecked the city would have plenty of brick.

Mr. Flynn also reported that he had taken up the matter of a downfall between the opera house and the building on the east and that the owners had promised to give it attention.

The clerk read a report on the sewer work in the city showing the receipts and expenditures on the work. The report also told of the number of manholes that had been cleaned.

Final Step in Engine House Sale

An ordinance giving authority to the mayor and city clerk to sign a deed for the sale of the property in West Morgan street known as the old engine house was read and adopted with an emergency clause attached.

Ald. Loneragan took occasion to suggest that all property owned by the city which was not being used for city purposes be looked up and offered for sale. Mayor Crabtree said it was a good idea and the matter of looking up the property was referred to the public improvement committee.

Mayor Crabtree called attention to the old ordinance relative to the duties of the city attorney. At the time it was passed the attorney was collector of special assessments and as such gave a bond of \$10,000. In 1911 the collectorship was taken from the attorney and placed with the city treasurer but the ordinance was not changed relative to the attorney. It was decided to amend the ordinance more clearly defining the present duties of the attorney and also to fix the bond at \$1,000.

During this discussion Ald. Ehnie came in and took his place in the council.

Will Buy Land

Mayor Crabtree reported that he had made an offer to Mr. Thies of \$300 per acre for ten acres of the land lying west of Diamond Grove cemetery. Mr. Thies had not accepted the offer but had made a counter proposal of \$4,000, \$100 down, \$400 before March 1, 1922, and the balance at the rate of \$500 per year without interest.

On motion of Ald. Loneragan, seconded by Ald. Rowe, the mayor was instructed to enter into contract with Mr. Thies on the terms outlined.

Bids were presented for building breaching for the boilers at the new power plant. The bids were referred to the water committee with power to act, their action to be approved by the council at the next regular meeting.

Mayor Crabtree also reported on the telephone rate hearing at Springfield last week. The mayor's report was substantially the same as that appearing in the Journal of recent date.

After an informal discussion of several minor matters the council on motion, adjourned.

HOME FROM CAMP

Mr. and Mrs. John Buckley, Moses Topping and family, Mrs. Katie Duran, Miss Minnie Keating and Mr. and Mrs. James McBride returned home Sunday night after spending a two weeks vacation at "Easy Life" cottage at Bath, Illinois. They were accompanied home by George and William Leipsmeyer of Springfield and Miss Mabel May of Jacksonville who spent Sunday with them in camp.

V. R. RILEY LANDS IN NEW YORK CITY

Local Rotarian on Return Journey from International Convention—Made Pilgrimage to Chateau Thierry.

A telegram just received from Vincent R. Riley, who has been in attendance at the international Rotary convention in Edinburgh, states that he has arrived in New York, and he will probably reach this city the latter part of the week. Mr. Riley recently sent to friends here the following story, clipped from the European edition of the Chicago Tribune, of the pilgrimage made by Rotarians to Chateau Thierry.

Five hundred British and American Rotarians yesterday made an Independence Day pilgrimage to Chateau-Thierry and to the battlefield on which American troops three years ago this summer shattered the spearhead of the Germans' last gigantic thrust toward Paris and world conquest.

French Rotarians headed by M. Gabriel Gorce, president of the Rotary club of Paris, accompanied the pilgrims. The Americans were led by Mr. Crawford C. McCullough, Rotary's new international president, and the British by Mr. Alexander Wilkie of Edinburgh, past president of British Rotarians, and the man who organized the recent international convention in his home city.

At Chateau-Thierry an address was delivered by General Philipot of the French army, who represented French Minister of War, Barthou. Mr. McCullough and M. Gorce also spoke.

Last evening by special invitation of the theater management a number of the Rotarians attended the performance of "Chanson d'Amour" at the Apollo. This morning a special delegation will place, in their name, a wreath on the tomb of the Unknown Soldier under the Arc de Triomphe.

COMMITTEE ON

WAVERLY TRIP MET

The committee on the Waverly Automobile Tour met Monday morning in the Chamber of Commerce to attend the Tri-County Picnic in a body on next Thursday.

An additional feature was added to the affair yesterday when the committee arranged to take a large collipe along on the run, as Mr. and Mrs. Train of Chicago who are visiting here are vaudeville performers and use this collipe in their act. They were urged to send for the instrument which was in storage in Chicago, and to accompany the Chamber of Commerce on the trip. The instrument arrived last night and will be very much in evidence when the cars assemble on the square next Thursday morning.

Everyone that has a car whether a member of the organization or not is cordially invited by the committee to bring their car and family and fall in line. If you can go call phone Bell 301 or Illinois 1759 and tell them you can go.

AMERICAN LEGION

SECURES CONCESSIONS

The Chamber of Commerce concession committee for the Round-Up composed of E. A. Brennan, chairman; Stanley Wright and W. T. Harmon at their meeting held Monday afternoon awarded the concession privilege for the entire Round-Up to the Jacksonville Post American Legion. The ex-soldiers were the highest bidders and the committee after much deliberation voted that the whole concession proposition be given to them. It will be necessary for any one desiring concession space at the show to contract for their space through the American Legion. It is the hope of every one that the Legion boys will be given good patronage during the three big days as they are more than anxious to raise a fund of sufficient size to equip their new club rooms in the Myers building, which they recently leased.

Don't forget the Red Men Burgoon, Nichols park, Wednesday. Plenty of soup for everybody. Serving begins at 11 a. m. Athletic events. Parachute leap at 6 in the evening.

FORMER RESIDENT

DIES IN CALIFORNIA

Mr. Ida Birt, former Jacksonville resident, died last Wednesday at Santa Anna, California, Calif., according to word received by Mrs. W. H. Stull of this city.

Mrs. Birt lived in Jacksonville about thirty-five years ago. She was then known as Miss Ida Cogswell.

Ed Bingman of Pisgah was in Jacksonville Monday.

P. W. Woods and son of Franklin made a business trip to Jacksonville Monday.

DOKAY DRILL TEAM WILL BE IN ROUNDUP

Will Appear as Added Attraction in Big Affair—Drum Corps Will Also Be Present.

The latest addition to the many things that are going to make the week of August 4th, 5th and 6th, Round-Up week famous, was added to the list yesterday when the Dramatic Order Knights of Khorasan kindly agreed to lend their assistance to the Mardi Gras festival that will take place on Friday night of that week.

This added feature or features will be an exhibition drill staged by the Brigand team of Ilderim Temple No. 62 D. O. K. K. and the drum corps of the same temple. This drum corps is made up of members living at Roodhouse who will come to Jacksonville that night and help the Chamber of Commerce furnish entertainment for the spectators.

The drill team and the drum corps will soon journey to St. Louis where they will join a special train that will take them to the big convention that is to be held by their order at Chattanooga, Tenn., and there they will compete with other teams for prizes offered for the best team and drum corps.

The citizens of Jacksonville and visitors to the Round-Up will be given a rare treat in watching the drills and hearing the music from these crack organizations.

Another feature that the committee is attempting to put over is an ox team drawing a hay cart which will add to the Mardi Gras effect of the parade.

JUSTUS LAWSON WEDS WISCONSIN GIRL

Morgan County Man and Miss Muriel Winn Married in Darlington, Wis., Wednesday Morning—Will Reside in This City.

The marriage of Justus Lawson, residing seven and a half miles east of Roodhouse, and Miss Muriel Winn of Wyota, Wis., took place at 10 o'clock Wednesday morning at the parsonage home of Rev. A. L. Vincent in Darlington, Wis., the beautiful religious ceremony being used. Miss Herman Winn and Glenn Winn, sister and brother of the bride, were the attendants.

Following the ceremony the bridal party went to the home of the bride's parents, where a wedding dinner was served. The newly wedded couple departed at noon for this city, where they will reside in a home already furnished by the groom on East College avenue.

The bride is the daughter of Mr. and Mrs. Jacob Winn, well known residents of Wyota. She is a young woman of many accomplishments and is very popular with her friends.

The groom is the son of Mr. and Mrs. Lawson, residing near Roodhouse, and was born and reared in that community. He is now employed by the Princess Candy Co. of this city and is a young man of excellent character.

HOUSE BURNED NEAR MURRAYVILLE MONDAY

House on Farm of William Kepler Burned to Ground — Was Occupied by Oscar Hammond and Family.

Fire completely destroyed the house on the farm of William Kepler southeast of Murrayville Monday afternoon at about 2 o'clock. It is not known how the flames originated but it is presumed that sparks falling on the roof caused the fire.

The house is occupied by Oscar Hammond and family and everything was destroyed except the clothes which were drying upon the line. Mrs. Hammond was at home alone and before help could be summoned the flames had gained such headway that it was impossible to save anything.

As indicated, the house was owned by William Kepler of 1421 South West street, this city. Mr. Kepler stated last night that he carried some insurance but not sufficient to cover his loss.

ELECTRIC WIRE

SETS TREE AFIRE

An electric light wire was the cause of igniting a tree in the seven hundred block on North Main street Monday morning. Although the fire whistle was blown, the department did not make a run. An electrician made the necessary repairs in the wire.

YOUNG PEOPLE GO CAMPING

A crowd of Jacksonville girls left early Monday morning for Chautauqua park near Havana. They have taken a cottage and will spend a week at the resort. Those in the party include Misses Pauline McMurphy, Marie Wiswell, Helen Mathis, Carrie Mackness, Dorothy Farrell, Mary Strawn, Lynette Brown, Eugenia Woodman and Marjorie McMurphy. Miss Edith Lambert who was the physical director at Illinois Woman's college last year will join the party at Havana.
